

*We are working with the
Missing Children Society of Canada
who is devoted to returning missing children to
a safe environment.*

*This location has donated the space for the
Treasure Chest Vending Machine in order to
further benefit the Children through the Charity.*

*Over \$358,828.64 has been raised to date through this
Awareness Vending Fund Raising Program
that benefits the Charity by helping to keep the
Missing Children Investigations Open and the
Search Active by having pictures of
Currently Missing Children on the
Treasure Chest Machines across Canada.*

Thank-you for your continued support!
